Depositors are of the opin-ion that they will get their money in full, and that is the general belief. There is a nervous feeling among depositors in other banks, and a good deal of money was quietly drawn our yesterday. This movement was quite marked at one institution, but there was no heavy run. Public confidence in the integrity of the other banks has not been shaken, and there will proba-bly be no run of any consequence.

It has been found by an investigator into the matter that Gov. Flower pays personal taxes on only \$19,000, at house his possessione probably reach \$5,000,000 at least, chiefly personal property. From the man secure it is learned that Riobard Croker, the Tammany ohief, and Hagh J. Grant, ex-Mayor of New York, both of whom have, by popular report, bean placed among the milhonaires, pay no parsonal taxes. Other men of great wealth in New York and its vicinity are mentioned who either scope this tax altogether or who pay it on only triling amounts. The late Jay Gould, it was said, pant taxes on only shout one dollar out of two or three hundred of his personal property. While the growth in real estate, which can be seen, is regulated on the records, the growth of personal property, which is in a far greater and the tax collector's books. * * to dodge would be still greater than it is under the regular law, for an income tax to dodge would be still greater than it is under the regular law, for an income tax now would be a class tax, as it is the design to lay it on only this larger incomes. The opportunities of dodging it would be fully as numerous as are those for evading the personal property impost.

They expected some thing to happen and they seemed ben on staying up to see it out. Every few minutes there were rumors affoat to the effect that the Mt. In the crowd and at the street orners were farmers from the country who were on the watch and waiting. They kept close to the jad, front and rear, but they said nothing-they were only waiting. Ten, eleven, twelve and one o'clock struck from the court house lower, and still the lynching gang expected from the country did not appear The crowd gradually thinned out. It was believed by those who had grown tired of waiting that there would be no

The guards had locked the double iron doors and had taken the keys with them The mob had come prepared to break open the doors. They had heavy sledge hammers, crow-bars and picks, and they used them industriously. With the hammers a large hole was beaten in the right outer door, near the hinge, The clanging sound of the blows could be heard at the Hotel Brunswick corner,

H. C. Wallace and wife, of Denatur, were in the city this week on a brief visit. Mr. Wallace is a brother of Albert, and was elected township clerk at the late election. He states that Decatur township has 18 miles of gravel roads, and during the late middy season a team could go over them in a trot at all times. He says if there are any in Douglas county who think gravel roads are not a success in Illians, let them come over to Decatur and see for themselves. He says that new gravel roads are being built every year and that they are a big success. simme of the Tuscola Review:

A Trade Announcement.

The firm of L. L. Ferriss & Co., wholesate dealers in poots and shoes at Chicago, failed on May 14. The members of this firm were the owners of the Ferriss & Lapham Shoe Store in Decatur and the local store was closed on executions in favor of the creditors of Ferriss & Co. At Chicago on Monday, May 29, the wholesale stock was sold for the benefit of creditors, and the retail stock in Decatur was sold May 31 by the attorney for the judgment creditors and was bought in by Frank H. Cole, a capitalist of New York, his bid being 524 Cents on the Dollar of the invoice price. The stock invoiced something over \$18,000. After the purchase in Chicago Mr. Cole sent his representative, H. P. Fullenwider, to this city to complete the transfer. When the invoice of the stock was completed, Mr. Fullenwider, acting as agent for the owner, installed B. F. Bobo as manager of the Decatur store. He thinks his investment is profitable and will make the store a permanent institution of Decatur because he has faith in the business possibilities in this city. Mr. Cole has ample capital and will buy everything for cash and save all discounts possible. Mr. Cole has turned over the management of the Deca-

tur store to Mr. Bobo, who will act in the owners' stead. The judgment of all parties concerned is that the "present stock of \$18,000 is entirely too high for the time of the year, and consequently a determined effort will be made to reduce the stock at once.

We ask you to come to the old stand of Ferries & Lapham, 148 East Main street, and are persuaded that we can give you better values in shoes than you can elsewhere procure. Try us and we will prove deserving of all the trust which you may repose in us.
